

VOLUNTEERS HELPING FRAIL SENIORS AGE IN PLACE

HART FELT HIGHLIGHTS FOR JUNE 2017

Here are a few of the MANY great things Hart Felt volunteers did this month!

- Volunteer Justin Brown and 15 people with Builders Care did several needed “fixer-upper” items for client Ms. Carrie. They built a railing for her to get down her stairs, made a flower bed, installed a motion detector, painted, and fixed her screen door! Justin later told us, “She is such an amazing woman, so grateful and faithful, . . . thank you!” Needless to say, Hart Felt thanks all of you!

Attention Volunteers: Please remember that the stylists at WOW! Hair Salon will come to our clients' homes to cut hair for free. If your client is interested, please call the Hart Felt office (904-861-2799), and we will arrange a visit.

- The new CFC (Christian Family Chapel) Ramp Team, led by volunteer Gary Hale, built their first ramp (of hopefully many!); this one for Mr. Clarence.

So often our volunteers tell us how much they, by serving their clients, are actually the ones who are blessed. Indeed,

It IS a blessing to BE a blessing!

We are SO happy to have you!

- The Hart Felt ramp team, led by Dean DeWall and Doug Davis, endured the rain to build a ramp for Ms. Mary Lou. She wrote, "A very big "THANK YOU" for the fantastic wheelchair ramp . . . I am extremely grateful . . . for helping to improve my quality of life . . . I am looking forward to being able to visit family members without having to maneuver stairs that caused excruciating pain. At times I even had to cancel appointments. God bless you."
- Ms. Dorothy (97-years-young and still living alone!) had a waterfall by her front door when it rained because of leaves on her porch roof and leaves clogging the gutters. Volunteer Wayne Perpall (of Beaches Christian Singles) took care of it for her right away. He also replaced some of the damaged boards on her wheelchair ramp.
- Ms. Lee had the flu but refused to go to the doctor because she couldn't afford the copays. She ended up fainting in church, and an ambulance had to be called. This was upsetting to Ms. Lee because of the expense. Hart Felt paid her ambulance bill for her, so now she can relax and get well!

URGENT NEED: ROOFING CONTRACTORS

With all the rain we have had lately, so many of our clients are desperate for roofers. We need someone to help us! If you or anyone you know can help, please call the office (904-861-2799). Thank you! Ms. Florine has a roof leak such that she cannot even use her kitchen. The water comes through her kitchen light, so she has had to turn off the electricity to her kitchen.
